Pim Melchers

const role = "Software Developer";

01. profile

Fourth-year **Software Development** student at ROC Nijmegen with hands-on experience across the backend and frontend: from **C#/.NET Core** to **React** and **Vue**. I enjoy tackling hard problems, love working in a team, think in **MVPs** (ship something that works, then improve it) and use AI to speed up workflows. Fluent in **English**. My goal: grow into an **all-round software developer** in a technically challenging team.

02. experience

- R&D Team Intern** Feb 2026 – Jul 2026
BlueRock TMS
 - Built a forecasting application for the R&D team using Python and React.
 - Python
 - React
- Software Development Intern** Sep 2024 – Jan 2025
Royal Smit Transformatoren
 - Worked in a development team on backend solutions using C#, .NET Core and Vue.
 - C#
 - .NET Core
 - Vue

03. education

- Software Development (MBO 4)** Aug 2023 – present
ROC Nijmegen, Nijmegen
- HAVO 4**
Lorentz Lyceum, Arnhem
- VWO 1–3**
Lorentz Lyceum, Arnhem
